

Agenda item 9

For information: **Town council electric bike scheme**

Written by: Chris Stringer, Deputy Town Clerk

The town council's electric (e-bike) is now available for people to borrow for up to 2 weeks.

The first person to borrow the bike has now returned it – and it is being borrowed again by the next person on our waiting list.

The idea behind the scheme is that people can borrow the bike to see whether they might want to buy an e-bike in the future (or start to save for one)

There are currently 9 people on the waiting list to borrow the e-bike.

Bradford on Avon residents 18 and over can register to borrow the bike by completing a short form that's available on our website.

There's [detailed information about the e-bike scheme](#) on the town council website, too.

The terms and conditions for people borrowing the e-bike are appendix C to this update.
