

Our Thoughts and Values

We want to see every young person succeed with their hopes and dreams.

We'll support you, regardless of your religion, beliefs, race, gender or sexual orientation.

We will always listen, stand with you and help you succeed.

We want to inspire the next generation to strive forward by making sure that your opinions and beliefs are heard.

We want to challenge you to think outside your usual thinking space even if that means having to debate with you.

We want to give you a set of life skills that will help you succeed in later life and give you confidence in your futures.

We will always support you if you need us, even in the darker moments in life.

We want to offer a safe space for you to talk and get the information and support you need.

To help us achieve these things we ask the following of **you**:

- please respect the building, the equipment, each other and yourself
- try to sort things out between yourselves
- if you have any problems or concerns talk to us!

It's your youth club. Have fun!

Amanda, Dan, Elena and David.
