

Performance Indicator Tables for the Quarter 2

Once each quarter, we compile performance measures related to the council's work in that period.

Quarter 1: April to June

Quarter 2: July to September

Quarter 3: October to December

Quarter 4: January to March

Some of the measures are reported throughout the year – for work that happens all year round. For instance, information relating to our rubbish and recycling.

Other measures are reported seasonally. For example, the number of people at BOA Youth's summer activities.

Traffic matters		
Quarter 1 April - June, Quarter 2 July-September, Quarter 3 October-December, Quarter 4 January - March		
Performance Indicators	Quarter 2 2025	Quarter 3 2025
