

Chair’s Report

- On 8th July, I attended the official opening of the renovated club house for the Bowls and Croquet Club. It was a very enjoyable evening, and I thank club members for their warm welcome and instruction on bowls. It was also very interesting to hear about their sustainable use of water and the club’s valued support for the Town Council in looking after our green spaces.
- On 22nd August, I was invited to take part in the unveiling of the Red Wheel Plaque at Moulton Bicycles on Holt Road. The Red Wheel was presented to Moulton Bicycles by the National Transport Trust in recognition of the unique contribution the company has played to British transport engineering. It was fascinating to see the production line and meet both the highly skilled workforce and many longstanding “Moultoneers”, who come together from across the country (and further afield!) every year for a bike ride and social.
- On 24th August, I took part in the Ukrainian Independence Day celebrations at County Hall, which included moving speeches from the Ukrainian community and superb performances of the Ukrainian national anthem and folk songs by local choir SVITLO. I am immensely grateful to many Bradfordians for their enduring support for Ukraine and proud of our local Ukrainians who have become such valued members of our community.
- I am very grateful to Deputy Mayor Cllr Kevin Elliott who attended several key events over the past two months, including inauguration of the Mayor of Amesbury which took place at Stonehenge, celebrations for the Floaty Boat fund on the Kennet & Avon and the twinning association with German town of Norden.
